Secondary Code	Code Explanation
1	With Accommodation, With Retraining
2	With Accommodation, Without Retraining
3	Without Accommodation, With Retraining
4	Without Accommodation, Without Retraining

- Codes A through I **MUST HAVE** a secondary field associated with them. **You should always accompany A through I with 1, 2, 3, or 4.**
- "Full Time" equates to the same amount of hours the employee worked pre-injury. "Less than Full Time" equates to a RTW less than the amount of hours worked pre-injury.
- On the **Monthly Activity Report** as before, use "M" or "V" for designating Medically Managed or Vocational Rehab cases. If however, a case changes from "M" to "V" or vice versa during the course of a month, please indicate the latest code for the month of the report. If the case is both Med and Voc, list it as "V" on the report. **(Remember: only report on workers' comp lost time cases)**
- To obtain an electronic copy of the Monthly Activity Report, go to the Bureau's website (www.michigan.gov/bwuc) and click on the "Workers' Compensation" tab on the left-hand side and then "Vocational Rehabilitation". From there, click on the title "Monthly Activity Report" under "Other Information." The "VR Closure Codes" document will also be available there. Download the Monthly Activity Report to your PC to use monthly. The completed forms should be sent to drcampb@michigan.gov.
- If you ever have questions regarding the correct coding to use, please call (517) 322-1721 for assistance.
